

# NANO TO MACRO

## TECH UNLEASHED

A UNIQUE OPPORTUNITY TO EXPLORE STATE-OF-THE-ART RESEARCH FACILITIES

**Monday 4 December 2023, 1:00 - 7:00 pm | Auditoire Paternot, Agora | Lausanne**

### Introduction

Prof. Estelle Doudet, Vice Rector Research UNIL and Prof. Manuel Pascual, Dean of the FBM

### Presentation by each facility head

Genomic Technologies Facility

Metabolomics & Lipidomics Facility

Protein Analysis Facility

Electron Microscopy Facility

Dubochet Center for Imaging

Flow Cytometry Facility

Histology Facility

Cellular Imaging Facility

In Vivo Imaging Facility

Cardiovascular Assessment Facility

Bioinformatics Competence Center

Biostatistics Facility

Clinical Research Center

### Invited guests

Untapped frontiers in image analysis, machine learning and molecular modelling

### Conclusion

Prof. Claudia Bagni, Vice Dean Research & Innovation of the Faculty

An aperitif will close the event

Free attendance  
**Compulsory registration**
