General Information:

[1. Read the 2023-2024 Study Regulation](#)

2. Courses are delivered face-to-face on campus
3. Students can change orientation as long as they have completed the 12 credits ECTS of Module 2 corresponding to the new orientation. The request must be sent by email to hecmaster@unil.ch by the end of the first week of the spring semester (1st academic year).
4. The pandemic has shown us that circumstances beyond our control may require us to make the following adjustments to study plans during the academic year:
 - possibility to switch from one teaching mode to another (face-to-face <-> distance learning, synchronous <-> asynchronous, switch to co-modal teaching where it was not foreseen at the beginning).
 - adaptation of assessment without leading to derogations from the study regulations (oral <-> written, examination <-> validation, individual work <-> group work, practical work <-> theoretical work, in-person assessment <-> online assessment, etc.)
 - alternative or shifted modalities for courses, internships, practical work, fieldwork and camps that could not take place or courses that could no longer take place in the form initially planned.

Students are invited to consult regularly the study plans, syllabi and their email.
